Rum Primary School Focus Group

The Isle of Rum Community Trust are considering a new building on the island (at the Old Pier, near the Primary School). We are thinking about what a new building on Rum might look like and what kind of things could happen inside and outside the building.

The building is for the people who live on Rum and people who come to visit the island. We have some ideas about what might be in the building already, such as a new shop, a café and some other spaces that can be used in lots of different ways. We would like to hear your ideas for the building.

What do you like about living on Rum, what are your favourite places?
